Guest Speaker:

ROBERT B. WEISENMILLER
Former Chair
California Energy Commission

Please join PANC for a very special luncheon event as we recognize former California Energy Commission Chair Robert Weisenmiller. In February of this year, Chair Weisenmiller officially stepped down as member and Chair of the Commission.

During his 8-year tenure, Chair Weisenmiller presided over transformative policies at the CEC aimed at addressing some of California's key energy challenges, including the threat of climate change. He helmed the Commission's efforts to advance energy science and innovation, capture cost-effective energy savings, develop clean energy projects, improve energy system planning, and respond to the failures of critical but aging energy infrastructure.
